

Diathrive

Confidence delivered.

Welcome!

Thank you for participating in Diathrive's referral program! This program has been created to reward our loyal customers who share Diathrive with their friends and family members. The program is very simple. Share your unique URL with your friends. When one of them purchases a membership plan from Diathrive, you will receive a \$20 account credit. This credit can be used to purchase items from our website or it can be applied to your next quarterly payment.

Things to Know:

- You will only receive credit for new membership plans. Credit will not be applied to past referrals or returning customers, even if they canceled their previous account.
- Your referrals must visit our website through your unique URL. This is the only way Diathrive is able to track their orders.
- Credits do not have cash value and can only be applied towards purchases made at www.diathrive.com

Getting Started:

To access your referral URL, go to www.diathrive.com/affiliate-area/ Once there, you will need to log in to Diathrive to access your account. This will take you to the main Affiliate* Area which includes your username and your unique referral URL.

If you received an email from Diathrive that included your unique URL, it may have included numbers after /ref/ instead of your username. Don't worry, either URL will work. Your account has a unique username and a unique user ID number.
